

INSPIRING MINDS, SHAPING FUTURES – WELCOME TO THE WORLD OF AMS ACADEMY

YEARLY MAGAZINE 2024-2025

AMS Academy is Bangladesh's first online English-medium school, following the Cambridge IGCSE curriculum. Being fully online allows students from anywhere in Bangladesh – and even from 22 other countries – to learn and grow together.

OUR STORY

AMS Academy began with a simple but powerful vision: to make quality English-medium education accessible to every student in Bangladesh — no matter where they live. What started as a dream has now grown into a thriving online school with over 350 students from Bangladesh and 22 other countries.

From the very beginning, our goal has been to connect learners with the world. By offering the Cambridge IGCSE curriculum, AMS Academy ensures that every student gains not only knowledge but also the skills to thrive in a global environment.

Our journey is more than academics. It's about nurturing curiosity, creativity, and confidence. We provide students with opportunities to explore, collaborate, and grow — both online and through unique experiences that connect them with peers worldwide.

Over the years, AMS Academy has become more than a school — it's a community of learners, teachers, and parents dedicated to excellence, innovation, and lifelong learning. Our story is still being written, and every student is a part of that story, shaping a future where education knows no boundaries.

RYMES

The terrific tiger

Tall trees tremble when the tigen trots,
 Silent shadows spread as he stalks,
 Golden gleam glows on his glossy fur,
 Fearless fangs flash in the forest blur,
 Swift steps sound on the soft sand,
 The terrific tigen rules his land.
